**\$25** / case

For Your First 5 Cases  
of *Sinterline™ Plus* Brackets

Order up to 5 cases (100 brackets) for just \$25 / case  
(Cases priced regularly at \$100 / case)

*Sinterline™ Plus*

The *Sinterline™ Plus System* has a patented trapezoidal shape that separates it from the competition - it mirrors that of a tooth. This symmetry coupled with tie-wing undercuts make application and ligation effortless.

The *Sinterline™ Plus* bracket's unique rounded shape allows its edges to be manufactured perfectly smooth - greatly increasing the comfort of your patient.

These features combine with torque-in-base and a low-profile aesthetic to deliver a highly versatile bracket like no other.
